NOTE: Data in this table represent the 50 states and the District of Columbia. Data through 1994-95 are for institutions of higher education, while later data are for degree-granting institutions. Degree-granting institutions grant associate's or higher degrees and participate in Title IV federal financial aid programs. Some data have been revised from previously published figures. Projections in this table were calculated prior to the coronavirus pandemic and therefore do not take into account the actual or potential impacts of the pandemic. Detail may not sum to totals because of rounding.
