

Underlying Cause of Death, 1999-2020 Results
Deaths occurring through 2020

Injury Intent	Gender	Race	Hispanic Origin	Deaths	Population	Crude Rate Per 100,000
Suicide	Female	American Indian or Alaska Native	Hispanic or Latino	86	10,025,618	0.9
Suicide	Female	American Indian or Alaska Native	Not Hispanic or Latino	1,427	15,031,116	9.5
Suicide	Female	Asian or Pacific Islander	Hispanic or Latino	94	5,387,358	1.7
Suicide	Female	Asian or Pacific Islander	Not Hispanic or Latino	4,131	108,272,888	3.8
Suicide	Female	Asian or Pacific Islander	Not Stated	19	Not Applicable	Not Applicable
Suicide	Female	Black or African American	Hispanic or Latino	177	17,147,759	1.0
Suicide	Female	Black or African American	Not Hispanic or Latino	5,700	238,972,113	2.4
Suicide	Female	Black or African American	Not Stated	39	Not Applicable	Not Applicable
Suicide	Female	White	Hispanic or Latino	7,223	273,619,044	2.6
Suicide	Female	White	Not Hispanic or Latino	86,084	1,121,027,240	7.7
Suicide	Female	White	Not Stated	286	Not Applicable	Not Applicable
Suicide	Male	American Indian or Alaska Native	Hispanic or Latino	322	10,774,936	3.0
Suicide	Male	American Indian or Alaska Native	Not Hispanic or Latino	4,450	14,475,663	30.7
Suicide	Male	American Indian or Alaska Native	Not Stated	17	Not Applicable	Not Applicable
Suicide	Male	Asian or Pacific Islander	Hispanic or Latino	306	5,437,566	5.6
Suicide	Male	Asian or Pacific Islander	Not Hispanic or Latino	9,864	99,113,620	10.0
Suicide	Male	Asian or Pacific Islander	Not Stated	45	Not Applicable	Not Applicable
Suicide	Male	Black or African American	Hispanic or Latino	611	16,675,857	3.7
Suicide	Male	Black or African American	Not Hispanic or Latino	23,299	219,254,685	10.6
Suicide	Male	Black or African American	Not Stated	135	Not Applicable	Not Applicable
Suicide	Male	White	Hispanic or Latino	29,629	280,708,021	10.6
Suicide	Male	White	Not Hispanic or Latino	305,514	1,088,470,497	28.1
Suicide	Male	White	Not Stated	1,156	Not Applicable	Not Applicable

Notes:

Caveats: As of April 3, 2017, the underlying cause of death has been revised for 125 deaths in 2014. [More information.](#)
(/wonder/help/ucd.html#2014-Revision)

Data are Suppressed when the data meet the criteria for confidentiality constraints. [More information.](#)
(/wonder/help/ucd.html#Assurance of Confidentiality)

Death rates are flagged as Unreliable when the rate is calculated with a numerator of 20 or less. [More information.](#)
(/wonder/help/ucd.html#Unreliable)

Deaths of persons with Hispanic origin "Not Stated" are included in "All" counts and rates, but are not distributed among Hispanic Origin groups, so are not included in the Hispanic Origin specific counts and rates. [More information.](#)
(/wonder/help/ucd.html#Not Stated)

Information included on the death certificate about the race and Hispanic ethnicity of the decedent is reported by the funeral director as provided by an informant, often the surviving next of kin, or, in the absence of an informant, on the basis of observation. Race and ethnicity information from the census is by self-report. To the extent that race and Hispanic origin are inconsistent between these two data sources, death rates will be biased. [More information.](#)
(/wonder/help/ucd.html#Racial Differences)

The population figures for year 2020 are bridged-race estimates of the July 1 resident population, from the Vintage 2020 postcensal series released by NCHS on September 22, 2021. The population figures for year 2019 are bridged-race estimates of the July 1 resident population, from the Vintage 2019 postcensal series released by NCHS on July 9, 2020. The population figures for year 2018 are bridged-race estimates of the July 1 resident population, from the Vintage 2018 postcensal series released by NCHS on June 25, 2019. The population figures for year 2017 are bridged-race estimates of the July 1 resident population, from the Vintage 2017 postcensal series released by NCHS on June 27, 2018. The population figures for year 2016 are bridged-race estimates of the July 1 resident population, from the Vintage 2016 postcensal series released by NCHS on June 26, 2017. The population figures for year 2015 are bridged-race estimates of the July 1 resident population, from the Vintage 2015 postcensal series released by NCHS on June 28, 2016. The population figures for year 2014 are bridged-race estimates of the July 1 resident population, from the Vintage 2014 postcensal series released by NCHS on June 30, 2015. The population figures for year 2013 are bridged-race estimates of the July 1 resident population, from the Vintage 2013 postcensal series released by NCHS on June 26, 2014. The population figures for year 2012 are bridged-race estimates of the July 1 resident population, from the Vintage 2012 postcensal series released by NCHS on June 13, 2013. The population figures for year 2011 are bridged-race estimates of the July 1 resident population, from the Vintage 2011 postcensal series released by NCHS on July 18, 2012. Population figures for 2010 are April 1 Census counts. The population figures for years 2001 - 2009 are bridged-race estimates of the July 1 resident population, from the revised intercensal county-level 2000 - 2009 series released by NCHS on October 26, 2012. Population figures for 2000 are April 1 Census counts. Population figures for 1999 are from the 1990-1999 intercensal series of July 1 estimates. Population figures for the infant age groups are the number of live births.

Note: Rates and population figures for years 2001 - 2009 differ slightly from previously published reports, due to use of the population estimates which were available at the time of release.

The population figures used in the calculation of death rates for the age group 'under 1 year' are the estimates of the resident population that is under one year of age. [More information.](#) (/wonder/help/ucd.html#Age Group)

Help: See [Underlying Cause of Death, 1999-2020 Documentation](#) (/wonder/help/ucd.html) for more information.
